SUMMARY

Fourth-year BSIT student with hands-on experience building full-stack web applications, including FixIT, a Progressive Web App connecting vehicle owners with mechanics and repair shops. Proficient in Next.js, TypeScript, and PostgreSQL, with practical experience integrating third-party APIs (payments, AI, auth, mapping) into production-style systems. Background in machine learning through Python/Flask classification projects.

SKILLS

Languages/Frameworks: TypeScript, JavaScript, Python

Frontend: Next.js (App Router), React, Tailwind CSS

Backend/Database: Prisma ORM, PostgreSQL (Neon), REST API design

Auth & Security: Better Auth, OAuth (Google/Facebook), SMS 2FA (Twilio)

Third-party Integrations: PayMongo webhooks, Groq AI API, Leaflet/OpenStreetMap

Deployment/DevOps: Vercel, GitHub, environment/webhook configuration (ngrok)

ML/Data: Flask, scikit-learn (Decision Trees), classification modeling

PROJECTS

FixIT — Vehicle Repair Marketplace PWA *(Capstone Project)*

- Built a full-stack marketplace connecting vehicle owners with mechanics/shops using Next.js, TypeScript, and Prisma/PostgreSQL
- Implemented real-time booking system with AI-powered emergency mechanic matching (Groq)
- Integrated payment processing (PayMongo) with webhook-driven status polling
- Designed multi-role auth system (OAuth + SMS 2FA) for owners, mechanics, and shop accounts

ML Projects *(Personal)*

- Built and deployed Flask-based prediction apps: a weather rain classifier and a car evaluation model using Decision Trees

EDUCATION

Bachelor of Science in Information Technology
Cebu Roosevelt Memorial Colleges — Bogo City | 2023 – Current | Dean's Lister

Accountancy, Business, and Management
City of Bogo Senior High School | 2021 – 2023 | With Honors

EXPERIENCE

Kitchen Staff Member
4K's Seaside Restaurant — Bogo City, Philippines

- Washed and put away cookware, utensils, and dishes
- Maintained cleanliness and organisation of kitchen stations and storage areas
- Prepared ingredients for dishes as requested by chefs, carrying out tasks such as peeling, chopping, and washing

LANGUAGES

English — C2 Proficient
